#### **Citing this paper**

Please note that where the full-text provided on CityU Scholars is the Post-print version (also known as Accepted Author Manuscript, Peer-reviewed or Author Final version), it may differ from the Final Published version. When citing, ensure that you check and use the publisher’s definitive version for pagination and other details.

#### **General rights**

Copyright for the publications made accessible via the CityU Scholars portal is retained by the author(s) and/or other copyright owners and it is a condition of accessing these publications that users recognise and abide by the legal requirements associated with these rights. Users may not further distribute the material or use it for any profit-making activity or commercial gain.

#### **Publisher permission**

Permission for previously published items are in accordance with publisher’s copyright policies sourced from the SHERPA RoMEO database. Links to full text versions (either Published or Post-print) are only available if corresponding publishers allow open access.

#### **Take down policy**

Contact [lbscholars@cityu.edu.hk](mailto:lbscholars@cityu.edu.hk) if you believe that this document breaches copyright and provide us with details. We will remove access to the work immediately and investigate your claim.

Erratum

Erratum to “Multiple contact compression tests on sand particles”  
[Soils Found. 57 (2017) 126–140]<sup>☆</sup>

M.C. Todisco<sup>a</sup>, W. Wang<sup>a,\*</sup>, M.R. Coop<sup>b,1</sup>, K. Senetakis<sup>a</sup>

<sup>a</sup> City University of Hong Kong, Hong Kong

<sup>b</sup> University College London, United Kingdom

---

The publisher regrets that “The more spherical the limestone particles were, the stronger were, and sharper contacts led to a decrease in the failure stress for quartz particles.” (Page 139, First Column, Line 129–131)

Should be

*“The more spherical of the limestone particles were weaker, and sharper contacts led to a decrease in the failure stress for quartz particles.”*

The publisher would like to apologise for any inconvenience caused.
