Hong Kong, China

Erratum

After publication of the original article (Zhao et al., 2016), the author has noticed an error in the following sentence of the second paragraph in Concluding Remarks section:

“For instance, while the original value of blockchain is to decentralize organizations by running Bitcoin transactions with a bank, new blockchain applications are more likely applied in centralized or partially centralized organizations such as a national bank.”

The word ‘with’ should be corrected to ‘without’.

We apologize for any inconvenience caused.
