Dear ISIE conference scholarship applicant,

Thanks for submitting an application for the ISIE 2019 conference scholarship. Our internal panel has reviewed all applications and I am pleased to let you know that your application was successful.

You have been granted a scholarship of \$400, which can be used to reduce or waive the conference registration fee. If you are a registered student and you take advantage of the early bird discount, then registration for the ISIE 2019 conference will be free of charge. Early bird discount applies until April 30, so be sure to register on time.

If you register after the deadline, or you are not a registered student, then your registration fee will be reduced by \$400 and you can pay the remaining fee online.

You can sign up for the conference through [the conference website](#). Please select "ISIE Scholarship Recipient" at the payment options page. You will need to enter the following award letter reference number: **2668**

We look forward to seeing you at the conference!

Best regards,

--

Paul HoekmanExecutive Director at the [International Society for Industrial Ecology](#)
