

25 August 2019

Dear *Author(s)*,

Acceptance and Invitation Letter from EASEC16 Organising Committee

On behalf of the Organizing Committee of *EASEC16*, I am pleased to inform that your manuscript submitted to the 16th *East Asia-Pacific Conference on Structural Engineering & Construction (EASEC16)* has been generally accepted:

- *Paper no.:* P241
- *Paper title:* A preliminary study on the performance of a flexible sheetlike blade wind turbine inspired by the Borneo Camphor seed
- *Author(s):* Yung-Jeh CHU and Heung-Fai LAM

EASEC16 will be held in the beautiful Brisbane Convention and Exhibition Centre from 3-6 December 2019, with the theme *Innovations in Structural Engineering and Construction*. The theme of *EASEC16* will provide an excellent forum for professional engineers, academics and researchers to present recent research and developments in structural engineering and construction. *EASEC16* will also be a great platform for participants to renew friendships and establish new collaborations.

Information regarding registration and hotel accommodation are available at the conference website <https://easec16.com.au/>. Please arrange for payment of registration fee, hotel accommodation and visa application (if applicable) at your earliest convenience.

I look forward to welcoming you at *EASEC16* in Brisbane this December.

Yours sincerely,

Professor Chien Ming Wang
EASEC16 Conference Chair
